NORTH CAROLINA STATESMAN. THE undersigned propose, on the first day of January next, at Raleigh, North Carolina, to begin the publication of the North Carolina Statesman, a semi-weekly and weekly paper, devoted to politics, news, and miscellaneous subjects, and respectfully solicit for it a share of the patronage of the democratic party, their friends, and the

Invited by many leading persons of the State rights republican party to propagate and defend principles which we have always held, and regard rights republican party to propagate and defend principles which we have always held, and regard as the only basis of prosperity in our form of government, and inspired with a sincere desire to serve that party and advance its interests, we propose to issue a paper at the seat of the State government. In the field of editorial enterprise, there is ample room for those who are now holding position, as well as for others, who choose to enterinto fair competition. The propagation of the principles of our party is a duty at once important, and to us peculiarly agreeable. The attractions of the editorial profession and its honorable toils, together with a desire to extend its influence, has had much weight in the decision which we have made—a profession at once dignified and clevated, where the highest intellectual gifts may find full employment, and the purest patriotism make contribution to the public weal. We are persuaded that a journal, conducted with fairness and discretion—uninfluenced by selfishness and devoted to principle, may secure sufficient patronage, without interferiag with the claims or rights of any now prosecuting the same great work.

Although mainly devoted to the discussion of such political questions, as they arise, which affect the welfare of North Caroling whether relative to

Although mainly devoted to the discussion of such political questions, as they arise, which affect the welfare of North Carolina, whether relating to the federal or State governments, or such local interests as may be of importance, it is nevertheless intended to make the Statesman a medium of general intelligence. Accordingly, the state of the markets in the principal cities, to which our commerce goes, shall be fully and accurately reported; nor will the attention of the conductors be less addressed to the subject of internal improvements, as a means indispensable to the development of the mineral and agricultural resources of the State. These interests, of primary importance, shall alacement of the interests of North Carolina. The general objects of the proposed paper being thus clearly indicated, it may not be amiss briefly

to state the particular views which are to be sustained by it as a political journal.

1st. Our purpose being to publish a paper purely democratic, according to the straightest requirements of that party, we shall advocate strict party organization in its fullest and most comprehensive sense; an organization which originates in the popular will, expressed by the people in their primary assemblies, and which has been so successfully introduced among the democracy of many of the ether States, by which the rank and file of the party are, in fact, those who indicate its decisions, and, being all brought into action, express their to state the particular views which are to be su and, being all brought into action, express their will imperatively; thus, by open and fair dealing, commanding respect and obedience; an organiza-tion of the people, and not of intriguers; restoring power to those who, by sufferance, have tolerated

power to those whe, by sufferance, have tolerated its temporary usurpation.

2d. The democratic party shall always find in us advecates of their right to select their standard bearers, and to command acquiescence in decisions made by conventions fairly elected in their primary meetings. Standing upon the good eld State rights platform of '95, we shall oppose government corporations created by Congress for the purpose of internal improvement, the regulation of finance, or any other measure inconsistent with the rights of the States.

late Baltimore convention contains the democratic creed, they expect cordially to sustain the presen dministration, trusting that the policy ado those who compose it will be regulated by the cardinal doctrines of the American democracy 4th. They will advocate all such measures of in-ternal improvement as promise by judicious prose-cution to promote the interests of the people and

against it, and assert the right of the old States to their equitable share of the lands, which remain. The power "to dispose of the public lands being explicitly declared in the Constitution, the exercise of that power is a question of policy, both as to the time and the mode." Believing, as we do, that it has become the settled policy of Congress to squander the public lands, we adopt the patriotic language of Mr. Dobbin, and say that "all of North Carolina's sons, both whigs and democrats, should protest, and demand North Carolina's share of the public domain."

6th. Approving of the sentiments of the inaugural of the President, we shall oppose the acquisition of Cuba or any other foreign territory, unless such acquisition be in accordance with existing treaties, and entirely consistent with the national honor.

DR. MORSE'S INVIGORATING CORDIAL,
Phenomenon in Medicine.—Health Re

Invigorating Elixir or Cordial.

Mar 13-meod

A T first the properties attributed to Professor Morse's Invigorating Elixir or Cordial were deemed fabulous. The public often deceived could not believe the simple and sublime truths announced by the discoverer. But facts, undeniable facts, attested by witnesses of the highest class and character, are now triumphing over all doubts.

facts, attested by witnesses of the highest class and character, are now triumphing over all doubts. Incredulity is overthrown by a mass of testimony which is perfectly irresistible.

The Elixir remedies in all cases the deplorable evils arising from a misuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate function connected with that mysterious compound agency of matter and mind, necessary to the reproduction of human life. To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper ing that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the over-worn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not only rerithout reference to causes, and will not only i

Will replace weakness with strength, incapacity
with efficiency, irregularity with uniform and natural activity, and this not only without hazard of

motion and sensation is physical death. Bear in
mind, also, that, for every kind of nervous disease
the Elixir Cordial is the only reliable preparation

CURE OF NERVOUS DISEASES. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated, and which it occasions in the diseased, debilitated, and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivified, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary; on the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be called the

MEDICINAL WONDER Of the nineteenth century. It is, as the first sc entific man in the world would have admitted that miracle of medicine heretofore supposed t A STIMULANT THAT ENTAILS NO RE

Its force is never expanded, as is the case with opium, alcoholic preparations, and all other excitants. The effect of these is brief, and it may well be said of him who takes them: "the last state of tha man is worse than the first." But the Elixir is ar exhilarant without a single drawback—safe in its operation, perpetual in its happy infibence upon the nerves, the mind, and the entire organization; ire organization the nerves, the mind, and the entire organization; it will also remove depressions, excitement, a tendency to blush, sleepleasness, dislike of society, incapacity for study or business.

INVIGORATING CORDIAL,

PURELY Vegetable in its composition. This invaluable Cordial is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful physicians, to be nossessed of qualities the most beneficial in the diseases for which it is recommended; and hence, whilst it is presented to the public as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hæmorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Fluor Albus or Whites, or for Debility arising from any cause, such as weakness from sickness, where the patient has been confined to bed for some time, for females after confinement, abortion or miscurriage, this cordial cannot be excelled in its salutary effects; or in loss of muscular energy, irritability, physical prostration, seminal weakness, palpitation of the heart, indigestion, sluggishness, decay of the procreative functions, nervousness, &c., where a roome medicine is required, it will be found equal if not superior to any compound ever used.

To Females.—Henry's Invigorating Cordial is one of the most invaluable medicines in the man complaints to which females are subject. It as sists nature to brace the whole system check ex

Ladies who are debilitated by those ebstructions which females are hable to, are restored by the use of a bottle or two to bloom and to vigor.

Young Men.—That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims, from an ignorance of the danger to which they subject themselves,

Nervous Debility, weakness of the system and premature decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought

ease. To those, then, who by excess have brought on themselves premature impotency, involuntary seminal emissions, weakness and shrivelling of the genital organs, nervous affection, or any other consequences of unrestricted indulgence of the sensual passions, occasioning the necessity of remouncing the felicities of Marriage, lessening both mental and bodily capacity, hold! Henry's Invigorating Cordial, a medicine that is purely vegetable, will aid nature to rostore those important functions to a healthy state, and will prove of service to you. It passesses rare and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

As a Tonic Medicine, it is unsurpassed. We

do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of recommendations, certificates, &c., begin-ning with "Hear what the Preacher says," and ning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invig-orating Cordial" only needs a trial to prove that it will accomplish all we say.

The Genuine "Henry's Invigorating Cordial" is put up in eight oz. pannel bottles, and is easily recognised by the manufacturer's signature on the label of each bottle, (to counterfeit which

is forgery.)
